

AstraNova Technologies Pvt. Ltd. — Benefits & Insurance Policy

Section 1: Purpose / Definition

AstraNova Technologies Pvt. Ltd. (hereinafter called "AstraNova" or "the Company") cares about the health, safety, and happiness of our employees. The Benefits & Insurance Policy describes the health care, medical support, and wellness programs we provide. This policy helps employees take care of themselves and their families so they can feel secure while working with us.

Section 2: Scope

This policy applies to all permanent, full-time employees of AstraNova working in India. This includes staff working at the Pune office as well as those on hybrid or remote schedules. Interns, trainees, and contract workers are not covered under these corporate insurance plans, as they have different terms in their contracts.

Section 3: Eligibility

Every permanent employee is covered by our insurance plans from their very first day of joining the Company. There is no waiting period to activate your health insurance. You can add your direct family members to the plan during your first 30 days of employment or during the yearly renewal period.

Section 4: Rules & Guidelines

4.1 Group Medical Insurance Plan

AstraNova provides a Group Medical Insurance policy for all permanent staff. The Company pays the full cost of the yearly premium for the base cover. The base cover amount is INR 5,00,000 per year. This plan protects you against high hospital bills if you fall sick or have an accident.

4.2 Family Coverage Rules

The medical plan covers up to four family members in total. This includes the employee, their legally wedded spouse, and up to two dependent children up to the age of 25. You can also add your dependent parents by paying an extra premium amount, which the Company will deduct directly from your monthly salary.

4.3 Key Policy Features

The insurance plan covers room rent at the hospital up to one percent of the total insurance amount per day for a standard single private room. It covers day-care

treatments that require less than 24 hours of hospital stay, such as eye surgeries. Pre-hospital expenses are covered for 30 days before you get admitted, and post-hospital expenses are covered for 60 days after you come home.

4.4 Additional Benefits and Wellness Perks

- **Annual Health Check-Up:** Every employee can get one free full-body health check-up each year at our partner diagnostic centers.
- **Mental Health Support:** We provide four free, private counseling sessions every year through our Employee Assistance Program to help you manage stress or personal issues.
- **Internet Allowance:** To support our hybrid work model, the Company pays a fixed monthly amount to cover your home internet and broadband costs.

Section 5: Process / Workflow

To claim your insurance or use your benefits, follow this step-by-step workflow:

```
Employee goes to a network hospital or partner medical clinic
↓
Employee shows their digital Insurance ID Card on their mobile phone
↓
Hospital checks the policy data with the Third-Party Administrator (TPA)
↓
For cashless care, the TPA pays the hospital bills directly
↓
For non-network care, the Employee pays the bill and uploads receipts to the HRIS
↓
TPA reviews the claim and sends the money back to the Employee's bank account
```

Section 6: Roles & Responsibilities

6.1 Employee

- Fill out your family data accurately in the HRIS portal during your first 30 days.
- Keep your digital insurance card saved on your phone for quick use during an emergency.
- Submit clear and complete bills within 15 days if you are asking for a money refund.

6.2 Reporting Manager

- Support team members when they need to take time off for medical care or health check-ups.
- Ensure the team knows about our mental health and stress support programs.

6.3 HR & Insurance TPA Team

- HR helps manage the relationship with the insurance company and updates employee lists.
- The TPA team checks all medical claims, answers user questions, and processes money refunds.

Section 7: Exceptions

7.1 Emergency Hospital Admission

In a critical life-or-death emergency, you do not need to wait for prior approval from HR or the TPA. Go to the nearest hospital immediately for treatment. You or a family member must alert the HR team or the insurance helpline within 24 hours of admission to secure your benefits.

7.2 Exclusions from the Policy

The medical insurance plan does not cover cosmetic treatments, plastic surgery done for beauty reasons, or expensive vitamins and health supplements unless a doctor prescribes them as a critical part of a hospital treatment plan.

Section 8: Examples

- **Scenario A (Using Cashless Medical Care):** An engineer needs to undergo minor surgery. They check the TPA portal and find a network hospital near their home in Pune. They show their digital insurance card at the hospital desk. The hospital contacts the TPA, gets approval, and the engineer leaves the hospital without paying for the core treatment out of pocket.
- **Scenario B (Claiming a Money Refund):** A developer breaks a bone while traveling in a remote area. There are no network hospitals nearby, so they get treated at a local clinic and pay the bill themselves. After returning home, the developer logs into the HRIS portal, uploads the bills and doctor notes, and receives the money back in their bank account within three weeks.

Section 9: Important Notes

- **Avoid:** Do not lose your original hospital bills, pharmacy receipts, or discharge summaries. The insurance company will reject your refund claim if you do not provide the original physical or clear digital documents.
- **Best Practice:** Check the list of network hospitals on the TPA website before scheduling any planned medical treatment. Using a network hospital saves you from paying large cash amounts upfront.

Section 10: Frequently Asked Questions (FAQ)

Q1: What is the total health insurance cover amount provided by AstraNova?

A1: The base medical cover amount is INR 5,00,000 per year for each permanent employee.

Q2: Who pays the monthly cost or premium for my health insurance?

A2: AstraNova pays the full cost of the insurance premium for you, your spouse, and up to two dependent children.

Q3: Can I add my parents to my company health insurance plan?

A3: Yes. You can add your dependent parents to the plan, but you will have to pay the extra premium cost, which we deduct from your monthly salary.

Q4: How many days do I have to add my family members after joining?

A4: You must fill out your family details in the HRIS portal within 30 days of your official joining date.

Q5: What is a network hospital?

A5: A network hospital is a medical center that has an agreement with our insurance partner to give you cashless treatment so you do not have to pay the bills upfront.

Q6: How do I get my digital insurance ID card?

A6: You can download your digital insurance card directly from the TPA website or the HRIS portal once your onboarding is done.

Q7: Does the policy cover medicine costs after I leave the hospital?

A7: Yes. The policy covers relevant pharmacy and medicine costs for up to 60 days after you are discharged from the hospital.

Q8: What should I do if a hospital rejects my cashless request?

A8: If cashless care is denied, you must pay the bills yourself, collect all original documents, and submit a refund claim on the HRIS portal.

Q9: Does AstraNova provide any free health checks?

A9: Yes. Every permanent employee can take one free full-body health check-up each year at our approved partner medical labs.

Q10: Where can I see the list of approved network hospitals?

A10: The complete and updated list of network hospitals is available on the insurance TPA portal link inside your HRIS dashboard.
